2 Days Tanzania Camping Safari

Duration: 2 Days | Price: $0.00

Overview

2 Days Camping in Tanzania is a short Safari to visit Tarangire National Park and Ngorongoro Crater. Herds of up to 300 elephants scratch the dry river bed for underground streams, while migratory wildebeest, zebra, buffalo, impala, gazelle, hartebeest, and eland crowd the shrinking lagoons. It’s the greatest concentration of wildlife outside the Serengeti ecosystem a smorgasbord for predators and the one place in Tanzania where dry-country antelope such as the stately fringe-eared Oryx and peculiar long-necked gerenuk are regularly observed.

Itinerary

Day 1

Arusha - Tarangire National Park

Your safari guide will collect you from your accommodation in Arusha and drive you to Tarangire National Park (approximately 2 hours). Tarangire is best known for its elephant families, savannah, iconic baobab trees, seasonal swamps, and the life-giving Tarangire River. Animals gather at the river and giraffes; bushbuck and hartebeest are often seen. The Park is also home to buffalo, zebra, and wildebeest. These animals are closely followed by a range of predators such as lions and leopards. From the open roof of the vehicle, you will be able to absorb the landscape and watch the wildlife.

After a full day in the Park, we will drive to the campsite where you will enjoy dinner and spend the night.

Accommodation: *Fanaka Campsite*

Day 2

Lake Manyara - Ngorongoro Crater

Rise and shine! It is an early departure to the lush highlands of the Ngorongoro Conservation Area, a UNESCO World Heritage Site. Once you have reached the crater rim, you will drive down a steep track into the 600 m deep caldera to see a range of animals and birds. The caldera (collapsed volcano) is home to over 25,000 mammals ranging from the “Big Five” (lion, elephant, buffalo, rhino, leopard) and more than 500 species of birds.

After an extensive game drive and a picnic lunch in the crater, you will return to Arusha, where you will arrive in the early evening.
