At Stella Point (18,600 ft), you will stop for a short rest and will be rewarded with the most magnificent sunrise you are ever likely to see (weather permitting). From Stella Point, you may encounter snow all the way on your 1-hour ascent to the summit. At Uhuru Peak, you have reached the highest point on Mount Kilimanjaro and the continent of Africa. Faster hikers will see the sunrise from the summit.

From the summit, we now make our descent continuing straight down to the Mweka Hut camp site, stopping at Barafu for lunch. You will want gaiters and trekking poles for the loose gravel going down. Mweka Camp is situated in the upper forest and mist or rain can be expected in the late afternoon. Later in the evening, we enjoy our last dinner on the mountain and a well-earned sleep.
