

# 5 Days Kilimanjaro Climbing Marangu Route Expedition

Duration: 5 Days | Price: \$0.00

## Overview

Marangu Route is jokingly referred to as the "Tourist Route" or "Coca-Cola Route". It's called "Tourist Route" for two reasons. One reason is simply its popularity: it makes this climbing route somewhat touristy. Marangu Route is also the only climbing route that uses the same path up to the summit and down, which contributes to it being the most crowded climb route on Kilimanjaro.

Marangu Route is a comfortable walking path with a very steady, gradual slope (at least until you reach the last camp). This gave the route a reputation as an "easy" route to climb.

And that's the other reason for the name "Tourist Route": because it is supposed to be "easy", the route is used by many shockingly unprepared "tourists", rather than trekkers. 5 Days Marangu Route Expedition will take you through different habitats on Mount Kilimanjaro, and let you experience the most dramatic views of Kilimanjaro landscapes.

The route has the least scenic variety of all the routes because the ascent and descent are done on the same path and it is the most crowded route for that reason. Marangu is favored only during the rainy season, where the route is the only Kilimanjaro climbing route that offers hut accommodation. Camping is not allowed.

Around midnight, awake for the final ascent to Uhuru Peak, the roof of Africa. The hike

begins with a demanding five-hour hike to Gillman's Point on the crater rim. Although this is considered to be the easiest of the three crater ascent paths, it is still extremely difficult. The first major rest stop, William's Point, lies at 5000 meters and is approximately a two-hour hike from Kibo Hut. Continue on for thirty minutes before beginning the rocky switchbacks that will take you to Gillman's Point (5,681 meters). The hike from Gilman's to Uhuru Peak is a gradual climb and as far as hikes go, not very difficult.

The altitude, however, makes the hike long and tiring. The crater rim hike takes approximately two hours. Upon reaching Uhuru, take photos of your guide and group at the peak before beginning the descent to Horombo Hut.
